

United Nations Sustainable Development Goals

The 17 UN Sustainable Development Goals (SDGs) form a blueprint to achieve a better and more sustainable future for all. They seek to address the global challenges we face, including those related to poverty, inequality, climate, environmental degradation, prosperity, and peace and justice by 2030. The SDG categorizations are an emerging tool for investors to align their investment decision-making with the broader priorities of global society.

1	No Poverty End poverty in all its forms everywhere.	10	Reduced Inequalities Reduce inequality within and among countries.
2	Zero Hunger End hunger, achieve food security and improved nutrition, and promote sustainable agriculture.	11	Sustainable Cities and Communities Make cities inclusive, safe, resilient and sustainable.
3	Good Health and Well-Being Ensure healthy lives and promote well-being for all at all ages.	12	Responsible Consumption and Production Ensure sustainable consumption and production patterns.
